1. Namal University at a Glance

Back Ground

The Namal University, a brainchild project of visionary Mr. Imran Khan is located at 30 km from Mianwali city on Talagang Road, on a beautiful countryside at the foot of the rising hills of Salt Range overseeing the scenic Namal Lake on its east.

The Namal University started its journey in 2008 as the Diploma Awarding Vocational College offering three years Diploma in Network Administration and Software Development. However, on the strong demand of the students, Mr. Imran Khan decided to affiliate this College to the University of Bradford (UoB) of which he was the Chancellor at that time. The courses that were completed by the students for their diploma work, were accepted by the UoB and after passing the additional courses during the additional top-up year, the first batch of students in Namal were awarded the degree of B.Sc. Computing from the UoB in 2012. Subsequently the students admitted in Namal in 2009 earned their degrees of B.Sc Software Engineering and B.Sc Computer Science from UoB in 2013.

From 2010 on-wards till 2015 the Namal College was affiliated with UoB for B.Sc Computer Science and B.Sc Electrical & Electronic Engineering and the students have completed their respective degrees in 2014, 2015, 2016, 2017 & 2018.

From 2016 to 2018, Namal College was affiliated with the University of Engineering and Technology (UET), Lahore for the three-degree programmes namely; B.Sc. Computer Science, B.Sc. Electrical Engineering and Bachelor of Business Administration (BBA). The degrees for the sessions 2016-2020, 2017-21 and 2018-22 have been awarded by the UET, Lahore.

In 2019, the College was awarded the status of the degree awarding Institute that was further raised to the status of university in 2021.

Apart from undergraduate teaching, the University has launched two research Centres, namely Nisar Aziz AgriTech Research Centre and Namal Centre for Artificial Intelligence and Big data. Namal University and two multidisciplinary research centres have paved the way for establishing Pakistan's First Knowledge City in the rural area on the lines of Oxford University of UK.

Namal Knowledge City: An Inspiration, A Dream

The inspiration that led to the foundation of Namal College in 2008 was sparked by the admiration that Imran Khan has with Pakistani youth. To him the future stakeholders of Pakistan are a kaleidoscope of talent and hard work and it is with them that hope for a brighter future resides. It is a dream that has actualized with the help of his associates who are associated with world class institutions like LUMS, SKMT and Descon Engineering. This ambitious project was undertaken to provide educational facilities of international standards to talented youth of rural areas to trigger social and economic change through the academic evolution of rural areas of Pakistan.

Besides a two storeyed building covering the area of 62,500 sq ft housing offices of administration and faculty, class rooms, laboratories and cafeteria, an area of 1000 acres of land has been included as a starting point of Namal Knowledge City. A newly constructed Academic Block adjacent to its primary building comprises of Lecture theatres, Main Library, two research centres and a Professional Development Centre. Also, the newly constructed residency has been recently completed that matched any standard residential facility for the participants of the courses, workshops, conferences etc arranged by the University.

A master plan of the Namal Knowledge City has been prepared by US based Ar. Tony Ashai – a renowned architect, and approved by the BoG. The work on the infrastructure of the city and some other necessary buildings is about to start

The Namal Education Foundation (NEF) is actively engaged in providing for the financial and logistic support to the Namal University. A Board of Governors oversees all the affairs of the Namal University and the Namal Knowledge City.

8. Office of the Controller of Examinations (CoE)

With the advent of the Namal College as the first private sector institution of higher professional learning, it was affiliated with the University of Bradford (UoB), UK. Hence to implement the academic requirements of the UoB at the Namal College and coordinate for conducting the UoB Examinations at Namal, an Exam and Partnership office was established at the beginning of the College.

However, after the Namal University got its Degree Awarding Status through the Act of the Punjab Provincial Assembly in 2019, a separate and independent Office of the Controller of Examination has been established. It has two major components; Exams and Partnership Office (EPO) looking after the affairs of students registered with the universities (UoB for batches from 2010 to 2015

and UET, Lahore for batches from 2016 to 2018). Since Fall 2019, the students are being regulated under the Namal Academic Regulations framed for undergraduate Degree Programmes. Our first batch (Class of 2023) have successfully graduated from Namal University. The office has introduced the QR Codes for the self-verification of the academic documents. The main objectives of the office include:

- Establishing the authenticity of information disseminated from this office

10. Undergraduate Academic Regulations

The undergraduate academic programs at Namal University are subject to the Academic Regulations – December 2022; outlined in this document and will be effective from the Fall 2020 session and onwards.

Academic Year

The Academic year at Namal University comprises of two regular semesters, the Fall and Spring semesters. Each semester is of 18 weeks, comprising 16 compulsory teaching weeks, one week each for mid-term and final exams.

The summer semester is optional and is spread over 9 weeks, comprising of 8 teaching weeks and one exam week. To make up for the short duration, the contact hours of summer semester courses are double than that of regular semester courses.

Program Duration

The minimum duration of an undergraduate program is four years. A student can, however, remain enrolled in any of these programs for a maximum of six consecutive years from the date of first admission to Namal University. An extension up to one year can be granted with the approval of the rector.

Course Requirement

The structure of the undergraduate programs consists of the following course distribution:

- i) University Core: Compulsory for all programs and applicable to all undergraduate students of Namal University.
- ii) Program Core: Compulsory courses as specified by the respective program curricula.
- iii) Electives: Optional courses for each program as specified by the respective program curricula.

The concerned academic department will enforce a minimum number of credit hours to be taken from each category listed above, as per the approved degree requirements. The program core and electives may further be sub-categorized as per the need of that program by the respective department.

Credit Hours

- i) A credit hour means teaching a theory course for one hour each week throughout the semester.
- ii) One credit hour in a laboratory or practical work/project would require lab contact of three hours per week throughout the semester.
- iii) The credit hours are denoted by two digits within brackets with a hyphen in between the total being shown prior to the bracket. The first digit represents the theory part, while the second (right side) digit represents the practical.

- iv) Thus 3(3-0) means three credit hours of theory, while 4(3- 1) means a total of four credit hours, of which three are of theory while one credit hour is for laboratory or practical work/field work as per the requirement of the academic program.

Theory Course of 03 Credit Hours	3 classes of 01 hour per week or 2 classes of 1.5 hours per week or 1 class of 03 hours per week
Practical (Lab) Work/Field Work of 01 Credit Hour	Contact hours per week

Course Load

The maximum load that a student can register in a semester is 18 credit hours. If the student follows the regular registration plan as prescribed in the curriculum, he/she will be able to complete the graduation requirements within 8 semesters without the need to register beyond the maximum load in any semester. However, in case the student repeats a course or takes any extra course(s), it is the responsibility of the student to develop an effective plan to complete the graduation requirements.

If a student wishes to enroll in any extra credit hour(s) beyond the maximum limit of 18 credit hours, he/she can do so with the approval of the Registrar on the recommendation of relevant Head of Department (HoD). Such approval can be sought for a maximum of one extra course only (beyond the road map) or 22 credit hours, and this exception may only be granted if

- i) The student has a CGPA of at least 3.50, or
- ii) The student needs to register the course in order to graduate on time.

The summer semester is optional and the maximum load that a student may register is up to 8 credit hours spread over a maximum of two courses.

Course Registration

Pre-requisite Courses

Prior to the enrolment in a course, the program curriculum may require the student to have passed a pre-requisite course. This condition is checked at the time of registration for the subsequent course. If the pre-requisite and subsequent courses are taken in consecutive semesters, then it is possible that the result of the pre-requisite course has not been announced when the course registration of the subsequent course is taking place. In such an event, the student will be provisionally registered for the subsequent course, subject to the condition that the student passes the pre-requisite course. If the pre-requisite course is not passed, the student will automatically be dropped from the subsequent course.

Note: A prerequisite and subsequent course cannot be registered in the same semester.

Core Courses

Before the start of each semester, all students will be pre-registered for University Core and Program Core courses according to the schedule prescribed in their respective curricula, within the specified pre-requisite constraints.

Elective Courses

Before the end of the enrolment deadline i.e. two weeks after the start of the semester, the students must decide the electives in which they wish to enroll. The department will publish the course outlines for all courses offered in a semester before the semester commences. The outlines include the content of the course along with information on pre-requisite courses, tentative grading breakup, enrolment capacity and any additional attendance requirements for the course. The students must communicate the selected electives to the department in accordance with the procedure specified by the Registrar. A student may be awarded a degree without passing an elective course, provided he/she has fulfilled the credit hour requirements of the program. However, that course will not be counted towards the credit hour requirements as specified in the program curriculum. The curriculum will define the alternative elective course(s) that may be taken in lieu of the failed course, in order to complete the credit hour requirements.

Failed Courses

A student can only be awarded a degree after passing all the courses belonging to the University Core and Program Core categories. Therefore, if a student fails a Core course, he/she must repeat and pass the course as a graduation requirement. The following rules apply:

- i) If an “F” grade is awarded in a Core course, the student must then repeat the course by enrolling in the next offering of that course in a regular semester.
- ii) The student may also repeat a Core course if offered in the next summer semester, provided that it has not been offered in any regular semester after the award of the “F” grade.

Repeating a Course

A student is allowed to repeat a course in which he/she has obtained a grade “C” or less. In this case, the grades of all attempts are included in the transcript, but only the highest grade is used in the calculation of CGPA.

Courses lying outside the Prescribed Curriculum Schedule

Such enrolment may occur if a student is repeating that course or was unable to enroll in that course during its regular offering for some reason (such as not meeting the pre-requisite criteria or any other unavoidable circumstances). In this case, the student must request the department for enrolment in that course at least one week before the commencement of the semester, in accordance with the procedure specified by the Registrar. An exception to this deadline can only be made if the enrolment is subject to the

grade of a course whose result is still pending. In such an event, the student must communicate the enrolment within 3 working days after the result has been announced.

Course Drop Deadline

A student may withdraw from a course voluntarily. If the withdrawal is made before the withdrawal deadline, i.e., 6 weeks from the start of the semester, then the student will be awarded a “W” grade which will have no impact on the calculation of the GPA. In this case, the transcript will reflect the W grade to indicate that the student withdrew from the course voluntarily. If the course is withdrawn after the withdrawal deadline then the student is automatically awarded an F grade, which will stay on the transcript and will be counted in the GPA calculation.

Course Withdrawal Deadline

A student may withdraw from a course voluntarily. If the withdrawal is made before the withdrawal deadline, i.e., 6 weeks from the start of the semester, then the student will be awarded a “W” grade which will have no impact on the calculation of the GPA. In this case, the transcript will reflect the W grade to indicate that the student withdrew from the course voluntarily. If the course is withdrawn after the withdrawal deadline, then the student is automatically awarded an F grade, which will stay on the transcript and will be counted in the GPA calculation.

Courses Offered in Summer Semester

- i) If a student wishes to enrol in any course offered in the summer semester, he/she must communicate the request at least one week before the start of the semester. If the student subsequently wishes to drop a course, the deadline will be one week after the start of the semester.
- ii) A student can only register in 1-2 courses of 3-8 credit hours, and there shall be no registration of advance/new courses. Due to the short summer semester duration, the enrolment process deadlines are adjusted accordingly.
- iii) A student who has either failed a subject or wants to improve his/her grade from C (or less), the maximum grade award will be capped at B+.

11. Attendance Policy

Students are expected to attend all classes. However, 75% attendance of the lectures/laboratory work delivered to his/her class in each course is mandatory. The Rector may give relaxation up to 10% due to unforeseen situations like sickness, bereavement in the family, law and order situation, untoward incident etc. on the recommendation of the relevant HoD.

Attendance, once marked, shall not be changed. The student falling short of the required attendance percentage in any subject(s) shall not be allowed to appear in the end-

term/final examination of the respective subject(s). Some instructors may have additional attendance requirements and can associate grade reduction with absences as specified in the course outline.

Separation Due to Prolonged Absence from Campus

A student may be separated from the program if he/she is absent from the campus for an extended duration of time without any prior notification. Such duration constitutes at least 4 weeks from the last known presence of the student on campus. The decision of separation will be communicated at the contact information provided by the student at the time of admission. However, the student may appeal against the decision within 10 working days to the Rector of the University whose decision will be final.

Special Hardship Circumstances

Under extraneous circumstances lying outside of the student's control, a leave of absence without any prior communication may be sanctioned by the University. The authority to warrant such a leave lies only with the Rector of the University:

Freezing of Semester

A student may take a semester off by applying to the University as per the procedure specified by the Registrar (Form F). The request to freeze a semester must be made before (or within) two weeks after the commencement of that semester. The following rules apply:

- i) Summer semester is optional. The request to freeze a semester is only applicable to regular semesters.
- ii) Freezing a semester is not allowed during the first year after admission to the undergraduate program.
- iii) Freezing a semester may cause a delay in graduation. It is the responsibility of the student to plan his/her studies accordingly.
- iv) The maximum allowed duration for completion of the degree requirements is calculated from the date of admission to the program and is not affected by the freezing of any semester.
- v) The academic/probationary status of a student remains unchanged on re-joining the University after taking the semester off.
- vi) The student must inform the University through the prescribed procedure in order to freeze the semester. Not enrolling in any course, or dropping all courses for a semester without prior notification does not imply that the student has taken the semester off. In such an event, the student will be considered absent from the campus with all corresponding rules and regulations being applied.

12. Examinations

Mid-term and Final-term Exams

- i) Mid-term and final-term exams are scheduled to be held in each semester as per the academic calendar under the overall supervision of the Examination Office.
- ii) The date sheet will be issued by the Exam Office for both (mid/final) exams along with the allocation of examination venues. The invigilation staff and administrative support for the smooth conduct of examinations will be deputed/assigned by the office of the Controller of Examinations.

Eligibility for End-Term Examinations

A student shall be eligible to appear in the Final-term examinations and will be issued the **Examination Admit Card**, provided he/she:

- i) Has been on the rolls of the University during that semester.
- ii) Has attained the attendance as per university rules. The student falling short of the required percentage of attendance shall be treated as failed in that course.
- iii) Has registered himself/herself for the courses of study.
- iv) Has paid all the university dues including tuition fee/hostel fee etc. before the commencement of examinations.
- v) If the student is awarded a WF grade by the Disciplinary Committee, the student may still appear in the exam if a decision on his/her appeal is pending, or the appeal has been registered but formal proceedings not yet initiated by the Appeal Committee. In this case, if the original decision is upheld by the Appeal Committee, the WF grade will be awarded irrespective of whether the final exam was attempted or not.

Exam Code of Conduct

Students at Namal are supposed to follow the core values of Namal in letter and spirit. While these values encompass the whole academic life of students, its self-imposition is even more required during the Exams.

Namal Exam Code of Conduct (Annexure Ia) requires that students strictly observe the rules of Examination from obeying the instructions of the invigilating staff to the attempting of Q papers with honesty, confidentiality and uprightly.

Breach of Exam Code of Conduct

The term Breach of Exam Code of Conduct basically means unlawful contacting any other source, person or group for attempting the assignments, quizzes or Examinations. It covers any action that a person takes to gain an unfair advantage when undertaking assessments.

Remember – claiming ignorance about what academic misconduct is will not be accepted by the University as an excuse.

Examination Guide Lines for Students

The following guide lines should be strictly followed by the students for the Examination, may it be Quiz, Mid Term or Final Examination at the end of a Semester.

Exam Timings

- Students are not allowed to enter the examination room if they are late by more than 15 minutes. No extra time is granted.
- Students may not leave the examination room till at least half of the exam duration has elapsed.

What students should bring to the examination venue

- All students are required to bring their Namal student card for the examination. The invigilator and instructor reserve the right to check the ID of the students at any time during the exam.
- Students must ensure they have the appropriate stationery for each examination. The University is not responsible for the provision of pens, pencils, rulers etc. Stationery must be in a clear pencil case or bag.
- The University does not supply calculators for examinations. Students must bring their own calculator to the examination, where its use is permitted. Calculators that incorporate an alphabetic input are not permitted. You may not use your mobile phone as a calculator. Calculators must not be preprogrammed and the memory must be clear. Sharing of calculators is not permitted.

What students should NOT bring to the examination venue

- Food is not permitted, unless students have a specific medical condition which has been outlined on an Action Plan issued by Student Support.
- Students must switch off their mobile phones and place face up underneath their examination desk. Smart watches or any other electronic devices should not be on their person either in the examination room or during any respite break from an examination room.
- Students are strongly advised not to bring bags, books and other personal belongings into the examination. If they are brought to the examination, they must be left in the area designated by the Invigilator.
- The use of dictionaries is prohibited in examinations. Bilingual dictionaries may only be allowed in modern language examinations where the question paper specifies it.

During the examinations

- Students must carefully read the instructions outlined on the paperwork provided for the examination.
- All rough work must be completed in the answer book and crossed out. Pages must not be torn from answer books to use for rough notes.
- Students that have a question must attract the attention of the Invigilator by raising a hand.

- During an examination, a student may not leave the examination room without the permission of the invigilator. If allowed, only one person can go out of the room at a time.
- No question papers and answer books are to be taken out of the examination room during the examination.
- Duration of an exam is determined by the instructor and no extension in the time will be given unless allowed by him/her.
- In case of medical emergencies, students may be allowed to leave the examination room and if possible, will be accompanied by an invigilator.
- Students are not allowed to communicate with each other during the examination.
- Students must ensure that they have written their roll number and completed the examination details required on all the used answer sheets before they are told to stop writing.
- If you wish to leave the examination before the specified finish time, you must raise your hand and wait until the Invigilator has collected your completed script.

At the end of the examination

- Students must ensure that any loose sheets are securely fixed to the answer book using the tags provided. Drawings may be folded as neatly as possible to secure within the answer book. It is the responsibility of the student to ensure the front cover of the answer book is fully completed.
- All students must remain in their seats until their scripts have been collected and they are formally dismissed by the Invigilator
- Students must take any belongings away with them when they evacuate the examination room and remember to leave quietly as there may be other examinations in progress in the nearby premises.

Any exception to the above rules may be sought by the course instructor from the Controller of Examinations prior to commencement of the exam.

Evaluation Procedure

The evaluation of the students is carried out for all the registered courses. The result of this process is a letter grade that is awarded against each course. The award of grades will take place as following:

- i) The course teacher is responsible for the evaluation of work/performance of the students of his class and for the award of grades on the basis of Table: 1 given below.
- ii) The number and nature of tests and assignments depends on the nature of course. To pass a course, a student must obtain minimum 'D' grade cumulative.
- iii) The scripts of each activity, i.e., Mid Semester Examination, assignment, quiz etc. will be shown to the students concerned by the teacher within a couple of weeks.

Grading Instruments

- i) The students' learning in a specific course will be evaluated through various grading instruments prescribed and approved by the respective department in line with the University approved policy. In each semester, students may be required to appear in quizzes, midterm, final examinations, group discussions, presentations (individual/group), CEP and submit projects/assignments/lab reports. The weightage of these instruments can be determined/assigned on the basis of the following guidelines:

Table 1: Grading Instruments for a Theory Course and Lab

Grading Instruments for a Theory Course	
Evaluation Instruments*	Weightage
Sessional (Assignment/Quiz/Project/Presentation/CEP/Class Participation/ Lab Reports/ Group Discussions)	20% - 35%
Midterm Exam	25% - 30%
Final Exam	40% - 50%

Grading Instruments for Lab	
Evaluation Instruments*	Weightage
Guided Lab (All assessments will be marked based on rubrics)	50% - 70%
Open Ended Lab/Design Project/CEP	10% - 40%
Viva/Exam	10% - 30%

- * Each department shall approve the grading instruments along with their respective weightage for all the offered courses and intimate to the exam office at least one week before the commencement of the semester.
- ii) At the beginning of a semester, the instructor of each course should hand out the information, on the attendance policy, grade distribution policy, assessment criteria, paper specification, examination dates, schedule of material to be taught, take-home assignment policy, reading material and any other information important for the successful completion of the course, to the students.
- iii) There will be no Supplementary/Special Examination; if a student fails a course, he/she is required to repeat it as per the Course Repeat Policy.

Grading Policy

The University has adopted Relative Grading System for the class sizes of 20 and more. However, for the class sizes up to 19 students (Generally the case of optional/specialization courses), absolute grading is followed. Both the Grading system are described below. However, the details of the assigned grades, Grade points and their description is given below:

Key:

*¹ F (Fail): Grade does not count towards the credit hour requirements of the program

- *2 P (Pass): Grade does not count towards GPA calculation. However, it may count towards the credit hour requirements as prescribed in the program requirements
- *3 IP (In Progress): The subjects spread over more than one semester may be graded as "IP" until completion of those subjects. This grade shall be recorded in the transcript and will not be treated as "F" grade. "IP" credits will be counted towards degree credit requirements, but these credits will not be used in computation of GPA/CGPA.
- *4 W (Withdrawn): grade indicates that the student has voluntarily withdrawn the course after the Drop deadline. This grade does not contribute towards the GPA or credit hour requirements of the student.
- *5 WF (Withdrawn forcefully): grade indicates that the student was withdrawn forcefully from the course due to any disciplinary action. This grade does not contribute towards the GPA or credit hour requirements of the student.

Award of Letter Grades in Relative Grading System

The guidelines for the award of letter grades on a relative scale are given below:

- i) Final marks (out of 100 and in whole numbers) of each student of the class should be used to calculate arithmetic average and standard deviation.
- ii) Minimum marks threshold linked to content mastery may be established for the award of a passing letter grade. Students earning marks below this threshold shall be awarded "F" grade
- iii) The distribution of the marks may be examined by plotting the scatter chart or the histogram with appropriate bin widths; with marks plotted on x-axis starting from minimum passing marks up to 100 and frequency (number of students in various bins on the y-axis).
- iv) The marks distribution of a standard course is expected to be a bell-shaped graph with mean peaked at grade B (mean \pm 0.5 of SD) and spreading on both sides symmetrically depending on the S.D of the marks of the student.
- v) Letter grades are awarded based on a normal curve, with A+ being the highest passing grade (at or beyond +2SD from the mean) and D & D+ being the lowest passing grade (at or beyond -2SD from the mean). The other grades e.g., B+ lie between (0.5 to 1.0) of SD, A- between (1.0 to 1.5) of SD and A between (1.5 to 2.0) of SD. Similarly, B- grade lies between -0.5 to -1.0) of SD, C+ between (-0.1 to -1.33) of SD, C between (-1.66 to -1.34) of SD, C- between (-1.67 to -2.0) of SD.

The instructor may fix a threshold for passing a course with the approval of the Department. Below this threshold, students are declared as Failed and are not included for assigning grades as described above. All such students are shown at the end of the list of Pass students so that they appear in graphs but are not counted for the determination of the average and standard deviation.

- vi) In a bell-shaped distribution of the grades for a typical class of students, the number of students with B grades is about 68% of the total pass students. The number of students in B⁺, A⁻ and A grades are between 13 to 14% of the class and number of students in C⁻, C, C⁺ and B⁻ are also about 13 to 14% of the class. Also, the number of students in D & D⁺ are about 2 to 3 % of students and number of

students having A⁺ are also about 2 to 3% of the class; ensuring the shape of the graph as a bell-shaped. These numbers may fluctuate depending upon the quality of the students of the class.

- vii) A teacher may, in consultation with HoD, assign B⁺ or B⁻ (instead of B grade) to the mean/peak (depending upon the result data and course difficulty level) and/or may change the obtained value of S.D by 10% to ensure the appropriate distribution of the grades as close as possible to the numbers in (vi) above.

Award of Letter Grades in Absolute Grading System

The Letter Grades are awarded to the students against their total marks obtained in the Final Semester Examination as given in the Table Below:

Table 3: Letter Grades, Grade Points and the description for various bins of percentage marks.

Marks Obtained (%)	Grade	Grade Points (Same as in RGS)	Description (Same as in RGS)
95 and above	A+	4.00	Pre-eminent
85-94.99	A	4.00	Outstanding
80-84.99	A-	3.67	Excellent
75-79.99	B+	3.33	Very Good
71-74.99	B	3.00	Good
68-70.99	B-	2.67	Average
64-67.99	C+	2.33	Satisfactory
61-63.99	C	2.00	Below Expectation
58-60.99	C-	1.67	Low Pass
54-57.99	D+	1.33	Marginal Pass
50-53.99	D	1.00	Unsatisfactory
Below 50	F	0.00	Fail

Note: The rest of the Letter Grades below F Grade have the same meanings as described in Table 2 above.

Calculation of Semester GPA

The Exam Office shall compute the semester Grade Point Average (GPA) of the student at the end of each semester. The GPA is a weighted average of the Grade Points earned by the student in all the courses of that semester and is calculated as follows:

$$\text{GPA} = \frac{\sum (\text{grade point} \times \text{course credits})}{\sum \text{gradable credits}}$$

where the sum is calculated over all the courses taken during that semester.

In case a student repeats a course, the grade of both attempts will appear on the transcript but for CGPA calculation only the highest grade will be counted.

Calculation of CGPA

The Cumulative Grade Point Average (CGPA) is also calculated by the Exam Office at the end of each semester and represents the performance of the student combined over all completed semesters. The formula for calculation of CGPA is the same as that for the GPA except that the sums are calculated over all courses enrolled by that student since the commencement of the program.

Result Declaration

Following steps shall be followed in result Declaration:

- i) The teacher concerned shall upload the final results (marks only) on Namal UMS within 03 working days after the day of Exam. After the review process of grades in the concerned departments with respect to Relative Grading System, the signed hard copy of the Final Award Sheet on the prescribed template will be submitted, along with the marked answer sheets, to the office of Controller of Examinations within 5 working days after the conclusion of the Final Term Exams.
- ii) The Examination Office shall declare the result of each Semester, within 05 working days after the receipt of final award lists and issue the official Result Notifications.

Grade Review Policy

Once the semester GPA is announced by the Exam Office, the student has an opportunity to contest the grades in case of any discrepancy. This opportunity must be availed within one week of the announcement of semester GPA. A grade can only be reviewed by the course instructor. If the course instructor does not agree, then the student may appeal to the Head of Department. The student may also approach the Head of Department in case the instructor is not available. Note that the Head may only be approached for appeal or review, if there is a computational error in the grade.

Grade Change Procedure

If the grade change request is approved, the instructor will submit the Grade Revision form (Form G) to the Exam Office no later than two weeks after the semester result has been officially announced. The Grade Revision form cannot be submitted by anyone other than the instructor. In case the instructor is not available, the form may be submitted by the Head of Department on the instructor's behalf.

Rechecking of Paper

- i) Students have rights to see the graded answer sheets in presence of the instructor after each test/assignment or Examination. Examinations office will announce a date and time for showing the marked final papers to students. In case a student still wants to apply for the re-checking of his paper, it will be done by relevant teacher in presence of Head of the department and the Controller of Examinations, within one month from the date of declaration of the result. This committee will check the total of the obtained marks and ensure that all the marked parts of any question as well

as Continual Assessments & Mid Term Exam's marks have been accounted for in the calculation of the Total. Errors or omissions, if any, shall be rectified and notified accordingly.

- ii) The candidate or anybody on his behalf has no right to see or examine the answer book for any purpose.

Student Grievances against Course Instructor

A student must submit the grievance (if any), against the course instructor in writing to the Head of the Department within 5 days of the receipt of the grade. The Head of the Department will forward the grievance application to a committee comprising of three senior faculty members. It will be mandatory for the Committee to hear both parties (student and the instructor) and will give its final decision within 5 days or before the start of registration for the new semester, whichever comes early. The decision of the Committee will be deemed final and will be binding on all parties.

Make-Up Policy for Graded Instruments

In case, a student has missed midterm or final exam of a course(s), he/she may file a Make-up Petition within five working days after the exam. The Rector may allow the Make-up exam(s) on the recommendation of the relevant Head and the Registrar. If the petition is accepted, the decision will be communicated to all the relevant faculty member(s) to take the necessary remedial action.

In case an academic warning is issued, the student will be notified about the warning via email.

Academic Probation and Separation from the Program

Academic probation indicates a serious academic deficiency and puts into question the ability of the student to continue studying in the program. An academic probation can also be applied without the student previously being issued an academic warning.

If the probation count reaches "3" in his/her entire degree program, the student will be separated from the program (For example, the student got first probation, CGPA<2.00 in 2nd semester, and later in 4th semester same student again secured CGPA <2.00. Later on, at any stage of the degree program, if the CGPA (of the same student) falls below 2.00, he/she will be separated from the program).

After the student is separated from an academic program, the student will be notified about the separation via email, and a separate letter will be dispatched at the address of the student provided by the him at the time of admission.

The Namal Institute has defined plagiarism as the inclusion within a student's own work of a substantial, unacknowledged section of material derived from the published or unpublished work of another person. This includes:

The inclusion within a student's work of substantial extracts of another person's work without using quotation marks and or specific acknowledgment of the source of the material in the references to this work. This includes text, diagrams and equations, programming results or code, test results, or any other kind of evidence assembled by another person.

The inclusion, without acknowledgment and referencing (use of quotation marks etc.), of material downloaded from the Internet. This also includes copying into a piece of work a section of unacknowledged material that contains references to other publications, thereby inferring that the references to these publications are the student's own.

The summarizing or close paraphrasing of another person's work without acknowledgment.

The submission of work obtained from others. This includes the submission of assignments in their entirety or sections of assignments:

Bought from commercial Internet assignment writing sites, organizations or private individuals, whether prewritten or prepared specifically for the student concerned.

The submission of an assignment written, in whole or in part, by another person, whether obtained without or without permission from that person.

The use of the unacknowledged and/or unauthorized ideas of another person.

Collusion, defined by the Institute as two or more students collaborating to submit work which is not entirely their own, except in such cases where the assignment requires the submission of a group effort. As well as action against the user of this material, this may result in action being taken against the originator of the work if it can be shown, within the balance of probabilities, that they allowed their work to be used.

Note: If cheating is suspected in respect of a piece of group work, and it cannot be established which individual(s) are responsible, the entire group will be deemed responsible, providing that there is sufficient evidence to substantiate the allegations on the balance of probability.

Self-plagiarism or duplication: This is defined as re-using work that was originally completed and submitted to gain credit in respect of another subject or assignment.

Other Forms of Academic Misconduct:

Allowing another student to copy an assignment or sections of an assignment so that they may submit this material as their own.

HIGHER EDUCATION COMMISSION
POLICY ON PROTECTION AGAINST SEXUAL HARASSMENT IN
HIGHER EDUCATION INSTITUTIONS

1. PRINCIPLES AND PURPOSES OF THE POLICY

- 1.1. Higher Education Institutions (“**HEIs**”) are highly consequential institutions in society that are dedicated to the pursuit and dissemination of knowledge. Members of the HEI community have several important rights and privileges, central among which is the right to pursue inquiry and search for knowledge without hinderance from unlawful or otherwise unacceptable constraints. The Higher Education Commission (the “**HEC**”), which has been mandated by law to prescribe conditions under which HEIs in the country may be opened and operated, takes very seriously the freedom of teachers, researchers, scholars, students and other members of the HEI community to live and work in a safe environment in which their dignity is protected.
- 1.2. Protection against sexual harassment is important not only because it threatens the freedom and conduciveness of the environment at institutions of higher learning. At a more fundamental level, such conduct is unacceptable because it violates personal dignity and shall not be tolerated at HEIs in Pakistan under any circumstance.
- 1.3. In accordance with the terms of this policy, sexual harassment shall be prohibited at HEIs in Pakistan, and shall constitute a punishable offence under the policy. The HEC affirms the right of every member of the HEI community live, study and work in an environment that is free from sexual harassment. The goal of this policy is to prevent sexual harassment from taking place, and where necessary to act upon complaints of sexual harassment promptly, fairly, judiciously and with due regard to confidentiality for all parties concerned.
- 1.4. All administrators, deans, managers, faculty, department chairs, directors of schools or programs and others in supervisory or leadership positions have an obligation to be familiar with and to uphold this policy and its procedures along with informing members of their staff about its existence. HEIs are encouraged to formulate internal policies that further strengthen or expand the protections available under the HEC’s policy on sexual harassment.
- 1.5. This policy has been made pursuant to the powers granted to the HEC under the Higher Education Commission Ordinance, 2002, and is binding on all higher education institutions in the country, whether operating in the public or private sectors. Violations or failure to comply with the HEC’s policies may lead to regulatory action being taken against non-compliant HEIs.
- 1.6. This policy is consistent with and has been made in light of the provisions of the Protection Against Harassment of Women at the Workplace Act 2010 (as amended) (the “**2010 Harassment Act**”). It extends the protection against sexual harassment to all members of the HEI community, and provides the option to aggrieved persons to seek recourse to resources within the HEI or to seek redressal through the provisions of the 2010 Act.

2. PROHIBITED CONDUCT

- 2.1. "Sexual harassment" means any unwelcome sexual advance, request for sexual favors or other verbal or written communication or physical conduct of a sexual nature, or sexually demeaning attitudes, where:
- a) Submission to such conduct is made either explicitly or implicitly a term or condition of an individual participation in any activity at the HEI;
 - b) Submission to or rejection of such conduct by an individual is used as a basis for academic or employment decision affecting that individual; or
 - c) Such conduct has the purpose or effect of unreasonably interfering with an individual's academic or work performance, or of creating an intimidating, hostile, or offensive educational or working environment.
- 2.2. Sexual harassment may be overt or subtle, and can range from visual signals or gestures to verbal abuse to physical contact along with hand or sign language to denote sexual activity, persistent and unwelcome flirting (see Annex 1 for examples of various manifestations).
- 2.3. The following behaviors are specifically prohibited under this policy. This following are meant to provide specificity to the definition provided in clauses 2.1. However, it is not an exhaustive list, and other behaviors that fall within the scope of the definition above shall also be prohibited.
- a) ***Especially Egregious Non-Consensual Acts:*** Acts that would be included in the category of rape. While such situations will be covered under the laws of the country, and law enforcement institutions and the courts will investigate and adjudicate accordingly, the HEI administration has a special obligation to take preventative measures, offer immediate assistance and take interim measures when required.
 - b) ***Non-Consensual Sexual Contact:*** Includes sexual contact with another person without consent.
 - c) ***Sexual Exploitation:*** Taking of actions that violate the sexual privacy of others or taking sexual advantage of another without their consent. For example, taking pictures, videotaping, viewing or distributing explicit images or sexual information of another person without their consent.
 - d) ***Other Pervasive or Severe Behaviors:*** It is not necessary that there be actual sexual contact for a behavior to be categorized as sexual harassment. Other unwelcome behaviors are also prohibited if (i) they are based on an individual's sex or gender (ii) are persistent or highly serious and (iii) create an atmosphere which is intimidating or hostile. These include but are not limited to lewd remarks or gestures, highly offensive jokes of a sexual nature, commenting inappropriately about another's body, and stalking.
 - e) ***Sex Discrimination:*** Adverse treatment of individuals based on their sex or gender rather than on merit. This would include instances such as the singling out (for such adverse treatment as lower salary or grades, or more severe punishment) of person(s) on the basis of sex or gender.

- 2.4. All the actions categorized as sexual harassment when done physically or verbally would also be considered as sexual harassment when done electronically such as through the internet, e- mails, social media, texting, telephone, voicemail etc.
- 2.5. All actions of harassment or discrimination may be taken by a person of any gender against a person of the same or another gender, and would need to be considered by the HEI if the act qualifies as a prohibited act under the policy.
- 2.6. Sexual harassment is especially offensive when perpetrated by persons in authority, and when submission is made a condition toward any HEI activity or benefit (for example, when submission is made the basis of the evaluation of an individual).
- 2.7. Sexual harassment will be considered especially egregious when the accused knew or reasonably should have known that the victim was in an impaired or incapacitated state. However, impairment of the accused, such as a result of the use of any illegal substances, shall not diminish their responsibility for harassment under this policy.

3. JURISDICTION

- 3.1. This policy applies to actions by students, faculty, staff, other members of the HEI community (such as interns, residents etc.), or third parties (such as service providers, visitors etc.), when the misconduct occurs:
 - a) on the HEI property (i.e. on campus) or in its immediate vicinity;
 - b) off the HEI property, if (i) the conduct occurs in connection with an HEI recognized program or activity or (ii) the conduct may create a hostile environment or pose a safety risk on campus; and
 - c) using the university's computing or network resources accessed from an off-campus location, which shall be deemed to have occurred on campus.

4. DESIGNATED RESOURCES

- 4.1. The HEI shall designate at least two members of the HEI administration (the "**Focal Persons**"), at least one of whom shall be a woman, to offer support and immediate assistance to those who have experienced sexual harassment. Contact information of such individuals shall be easily available, including on the HEIs website.
- 4.2. The HEI shall also constitute an Inquiry Committee to investigate and adjudicate any allegations of prohibited conduct (the "**Inquiry Committee**") in accordance with the provisions of Section 7 below. Those who have experienced sexual harassment may also contact members of the Inquiry Committee for support and advice.

5. COMPLAINTS AND REPORTING

- 5.1. A complaint may be lodged by any person who has experienced sexual harassment as defined in Section 2 (Prohibited Conduct) read with Section 3 (Jurisdiction) of this policy, with either the Focal Person or with any member of the Sexual Harassment Inquiry Committee.

- 5.2. In cases in which the conduct in question falls within the scope of the 2010 Harassment Act, the affected person shall also have an option to submit a complaint to the Ombudsperson in accordance with the provisions of the 2010 Harassment Act.
- 5.3. In the event that a complainant is reluctant to contact the Focal Persons or any members of the Inquiry Committee, the complainant may contact a colleague, instructor, the employment supervisor, manager, department chair, dean or VC. It will be the responsibility of the individual contacted to report the case to the Inquiry Committee without identifying either the complainant or the alleged offender and to ask for advice on procedure and policy from them to effect solution, if a solution is necessary.
- 5.4. Complainants shall be encouraged to submit complaints promptly, preferably within 3 months but no later than 12 months from the last date of the alleged harassment. An extension of up to 1 year may be granted by the Focal Persons or the Inquiry Committee upon written request stating the reasons for the delay in submitting the complaint.
- 5.5. All members of the HEI community are encouraged to report any instances of sexual harassment that they may have observed to the Focal Persons or the Inquiry Committee. For the purposes of safeguarding the campus community, HEIs have an obligation to investigate material violations of this policy even in the event that a formal complaint has not been filed.
- 5.6. As soon as a complaint or report is received by one of the designated resources, it shall be shared by him or her (within a period of 24 hours) with all Focal Persons and members of the Inquiry Committee for further action.
- 5.7. For minor violations, complainants may opt to make an informal complaint to either the Focal Person or the Inquiry Committee. The primary objective of informal resolution mechanism is to take preventative action, so that minor violations are detected early and appropriate warning is given to the accused to stop the offending behavior before it reaches a higher degree of seriousness. If the incident reported through this mechanism constitutes prohibited conduct under Section 2 of this policy, the Inquiry Committee shall deal with the complaint accordingly.

6. INTERIM MEASURES AND SPECIAL ARRANGEMENTS

- 6.1. As soon as a complaint or report is received by designated resources or any member of the HEI administration, depending on the nature and seriousness of the offence, the Focal Persons shall take appropriate steps to provide interim measures that may be requested by the affected persons or as otherwise may be deemed appropriate. If the affected person is not satisfied with the measures taken, he or she may contact any member of the Inquiry Committee for necessary action. Interim measures include but are not limited to:

- a) adjustment in class or examination schedules, including for the purposes of attending hearings;

- b) access to counselling services or other appropriate medical assistance;
- c) change in the work assignments;
- d) arrangement for any assessments or evaluations to be made by a neutral person;
- e) adjustment to class schedule, including withdrawal from course or changing the section;
- f) notifying the campus security officials (or law enforcement in case of serious violations) regarding the violation;
- g) impositions of a HEI wide order designed to prohibit contact or communication between certain persons;
- h) change of the housing arrangement of certain persons; or
- i) any other measures that may be deemed appropriate.

7. INQUIRY COMMITTEE

7.1. The Inquiry Committee shall be responsible for the investigation and adjudication of any complaint received in connection with the violation of this policy.

7.2. The Inquiry Committee shall be constituted in the following manner:

- a) The committee shall consist of three members, at least one of whom shall be a woman and one of the members shall be a member of the senior management of the HEI.
- b) All members of the committee shall be employees of HEI and will be appointed by the Vice Chancellor (the "VC") after the VC has taken nominations from senior members of the HEI administration. The VC may co-opt one or more members from outside the HEI if it is otherwise not possible to designate three members as described above.
- c) Members of the Committee shall be individuals who are known for being principled, credible, fair, gender-sensitive and have a strong character (someone who will not change their decision due to pressure from friends, colleagues or seniors). They shall have no conflict of interest in particular cases, and shall be impartial and unbiased.
- d) Members of the Committee shall be appointed for a term of two years (shorter terms may be required occasionally to fill vacancies). No member shall serve for more than two consecutive terms. Former members will be eligible for reappointment after a lapse of two years.
- e) One of the members of the committee shall be appointed as the Chair by the VC, whose duties shall include, but are not limited to: maintaining order during hearings, answering procedural questions, granting or denying adjournments, maintaining proper documentation of the proceedings, which shall constitute the official record and reporting recommendations of the Committee to the VC. All these duties shall be undertaken in consultation with the Committee members.

- f) In case a complaint is made against one of the members of the committee, that member shall be replaced by another (impartial member) for that particular case.
- 7.3. The HEI shall endeavor to provide training to members of the Inquiry Committee in investigation and adjudication of conduct prohibited under this policy.
 - 7.4. An HEI staff member shall be appointed to assist the Inquiry Committee. This work shall include responsibilities such as organizing meetings, acting as a liaison between the committee and the other parties involved, record keeping, making and updating a database to track the processing of complaints, and ensuring appropriate awareness raising about the issue of sexual harassment at HEI.
- 8. INVESTIGATION AND ADJUDICATION**
- 8.1. All complaints alleging Sexual Harassment shall be forwarded to the Inquiry Committee within 24 hours of being received by the Focal Persons or any other office of the HEI.
 - 8.2. As soon as is reasonably practicable after receiving a complaint, the Inquiry Committee shall determine whether the alleged conduct in the complaint meets the criteria set forth in Sections 2 (Prohibited Conduct) and Section 3 (Jurisdiction) of this policy. If it is determined by a majority of the members of the Inquiry Committee that the alleged conduct meets the aforementioned criteria, a formal investigation shall be initiated.
 - 8.3. In the absence of a formal complaint, if a serious violation of this policy is reported to the Inquiry Committee, or a series of allegations against the same person are received, the Inquiry Committee may determine by majority vote to initiate proceedings after notifying the VC.
 - 8.4. After initiating the investigation, and not later than three days of the receipt of a written complaint, the Inquiry Committee shall:
 - a) communicate to the accused the charges and statement of allegations leveled against him/her, the formal written receipt of which will be given;
 - b) require the accused within seven days from the day the charge is communicated to him/her to submit a written defense and on his/her failure to do so without reasonable cause, the Committee shall proceed ex-parte; and
 - c) enquire into the charge and may acquire and examine such oral or documentary evidence in support of the charge or in defense of the accused as the Committee may consider necessary (including by summoning potential witnesses) and each party shall be entitled to cross-examine the witnesses against him/her.

- 8.5. The following rules shall be applicable to the hearings conducted by the Inquiry Committee:
- a) All hearings shall be closed hearings;
 - b) The Inquiry Committee will hear statements from the complainant(s) and respondent(s), the witnesses if any (as required) and study any other documents and/or evidence as presented by the relevant parties or collected in the process of conducting inquiry;
 - c) The Inquiry Committee shall have discretion to limit testimony and questioning of witnesses to those matters it considers relevant to the disposition of the case;
 - d) The Chair of the Inquiry Committee shall have the power to compel a witness to attend, and the complainant(s) and/or respondent(s) may request the Chair's aid in this regard;
 - e) The complainant and the respondent may at any stage of any of the procedures outlined in this policy be represented and/or accompanied by another person of her/his choice.
 - f) The Committee shall have the right to acquire any relevant piece of evidence to further their understanding of the case and the relevant parties, witnesses and administration are required to provide them with this documentation and/or evidence to facilitate the investigation;
 - g) Objective documentation of the proceedings of the Inquiry Committee shall be maintained where high confidentiality of the records and other such material shall be upheld at all times;
 - h) The respondent shall be allowed to cross question the complainant and witnesses unless the committee decides otherwise;
 - i) Where any procedural matter is not dealt with in this policy, the Inquiry Committee may, guided by the principles of fairness, establish any appropriate procedure.
- 8.6. Members of the HEI community have an obligation to cooperate in an investigation, and refusal to cooperate may result in disciplinary action. There may be circumstances in which the complainant may wish to limit their participation in the proceedings. The complainant shall not be subject to discipline, but the HEI may be obligated to proceed with the investigation.
- 8.7. Following the formal hearing, the members of the Inquiry Committee shall deliberate and determine the validity of the complaint based on the totality of the circumstances. The presence or absence of evidence cannot always be the sole criteria on which a judgment can be made. The credibility of statements and context must be kept in mind during the deliberations. The committee members will reach a decision unanimously or by a majority after the deliberations. Where the complaint is found to be valid, the Committee will recommend an appropriate penalty.
- 8.8. The Inquiry Committee shall complete the inquiry and recommend its final decision within a period of 30 days. It shall then send its decision to the VC giving its findings in writing by recording reasons thereof (which shall include any note of dissent) for endorsement and action. Recommendation of the Inquiry Committee shall be implemented within seven days.

9. CONFIDENTIALITY

- 9.1. Confidentiality shall be enjoined on the Focal Persons, the Inquiry Committee and all others involved in the process. This does not preclude the reasonable and discreet disclosure of information in order to elicit the facts of the case, or to implement and monitor properly the terms of any decision.
- 9.2. The Focal Persons, members of the Inquiry Committee and their support staff shall be subject to administrative disciplinary action for inappropriate breaches of confidentiality on their part.
- 9.3. All notes and records arising in connection with an investigation shall be maintained in a confidential file at HEI.

10. PENALTIES

- 10.1. In cases in which the respondent is a student, the following sanctions may be imposed:
 - a) In case of minor violations, the student may be issued a warning or reprimand. These shall be considered when adjudicating future violations.
 - b) In case of more serious violations, the following formal sanctions may be imposed: disciplinary probation, withholding of degree for a period of time, suspension or expulsion.
 - c) The following may be added to any of the penalties listed above: campus service; relocation from campus housing; exclusion of the respondent from a designated portion(s) of HEI buildings or grounds, or from one or more HEI designated activities, (provided such penalty is appropriate to the offence and where the penalty does not prevent the respondent from pursuing her/his studies); attending educational program; inclusion of decision in the student's record, except in the case of the first instance of a minor violation (for up to seven years).
- 10.2. In cases in which the respondent is a member of the faculty, researcher or employee/staff of the HEI, the following sanctions may be imposed (individually or in combination), keeping in view the terms of the applicable employment policies:
 - a) oral or written reprimand;
 - b) counselling or training;
 - c) inclusion of the decision in a specified personnel file(s) of the respondent;
 - d) exclusion of the respondent from a designated portion(s) of HEI buildings or grounds, or from one or more designated HEI activities, where such penalty is appropriate to the offence and where the penalty does not prevent the respondent from carrying out her/his professional duties;
 - e) the imposition of a fine;
 - f) recommendation for suspension of the respondent without pay;
 - g) recommendation that dismissal proceedings be commenced; or
 - h) other sanctions, as deemed appropriate, in accordance with the terms of the employment policies.

11. RIGHT OF APPEAL

- 11.1. Both the complainant and the respondent shall have a right to appeal the decision of the Inquiry Committee within a period of 30 days from the date of notification of the decision.
- 11.2. In cases in which the conduct falls within the scope of the 2010 Act, the aggrieved party shall have an option to file an appeal to the Ombudsman in accordance with the provisions of the 2010 Act.
- 11.3. There shall be a three-member appellate body (the "Appellate Body") appointed by the VC that shall include at least one senior member of the HEI administration (at the level of dean or equivalent) and at least one of the members of which shall be a woman. No member of the Inquiry Committee shall concurrently be a member of the Appellate Body. In case the complaint had been made against one of the members of the committee, that member shall be replaced by another (impartial member) for that particular case.
- 11.4. Appeal to the Appellate Body against the decision of the Inquiry Committee can be filed on the following grounds:
 - a) the alleged conduct does or does not fall within the scope of this policy;
 - b) the Inquiry Committee reached a decision without consideration of material information;
 - c) the imposed penalty is unfair because it is disproportionate or materially different from that imposed for similar misconduct; or
 - d) the adjudication process followed by the Inquiry Committee was procedurally unfair.
- 11.5. In order to reach its decision, the Appellate Body may communicate with the parties, the members of the Inquiry Committee or other members of the HEI community as it deems fit.
- 11.6. The Appellate Body may, on consideration of the appeal and any other relevant material, confirm, set aside, vary or modify the decision within 30 days in respect of which such appeal is made, and shall communicate the decision to both the parties, the VC and the Inquiry Committee.

12. MALA FIDE ALLEGATION

- 12.1. False allegations of sexual harassment made out of malice or intent to hurt the reputation of the persons against whom the complaint is filed are to be dealt with as serious offences. Making mala fide allegation of sexual harassment knowing it to be false, whether in a formal or informal context, is a serious offense under this policy.
- 12.2. In the event that the Inquiry Committee determines that a false allegation made in the complaint with mala fide intent, it may recommend appropriate action against the complainant by sending its findings to the VC (by recording reasons thereof and including any note of dissent) for endorsement and action. In cases in which the conduct falls within the scope of the 2010 Act, the Inquiry Committee may recommend the handing over of such cases to the

Ombudsperson for taking further action against the complainant who made the false allegation with mala fide intent.

13. PROTECTION AGAINST REPRISAL

- 13.1. HEIs shall not allow reprisal or threats of reprisal against any member of the HEI community who makes use of this policy (formally or informally). HEIs shall also prohibit such threats or actions against anyone who participates (e.g. testifies, assists, etc.) in proceedings held under its jurisdiction.
- 13.2. Retaliation or any other action against complainant of sexual harassment is to be taken seriously under the provisions of this policy. All allegations of retaliation would be investigated formally under the purview of this policy, and if substantiated, would result in appropriate disciplinary action.

14. SPECIAL CONSIDERATIONS REGARDING RELATIONSHIPS BETWEEN INDIVIDUALS

- 14.1. In contrast with sexual harassment, personal relationships among consenting adults of the HEI community that do not breach the social and cultural norms of the society are, in general, a private matter.
- 14.2. Under the policy it is highly inappropriate for any member of the community to establish an intimate relationship with a student, subordinate or colleague on whose academic or work performance he or she will be required to make professional judgments. The policy requires that the individual may not involve themselves in such conduct as the professional responsibility for supervision or oversight would be affected in such cases. Relationships with a difference in power and authority can seriously affect the institutional working as well as the credibility of all involved. In particular, intimate or romantic relationships between faculty members and students (whether at the undergraduate or the graduate level) shall be prohibited.

15. EDUCATION FOR PREVENTION

- 15.1. To ensure prevention of sexual harassment on campus, HEIs should develop programs to educate its staff, faculty and students as well as provide written material for reference. Education is essential to sensitizing the university faculty, staff and students in order to eliminate sexual harassment on campus. This shall be done in multiple ways, including those listed below.
- 15.2. The HEC's Sexual Harassment Policy, any of the university's internal policies as well information regarding the 2010 Act shall be:
 - (a) available on the HEI website;
 - (b) be a part of the package that all new hires receive;
 - (c) be a part of orientation of new students and included in any written material given to them;
 - (d) be included in the HEI's Prospectus (a summarized version); and
 - (e) displayed in prominent locations on campus

- 15.3. The names of the Focal Persons and the members of the Inquiry Committee shall be made visible/accessible to the HEI community through its website, posted on notice boards, etc.
- 15.4. The HEI shall ensure that its relevant members (e.g., Focal Persons, members of the Inquiry Committee, HR personnel, etc.) attend a training to educate themselves on sexual harassment and relevant the laws and policies. Once trained, designated HR personnel shall be made responsible for educating all personnel, staff, faculty, students that join the HEI. This will be an ongoing activity.
- 15.5. All departments at HEI must disseminate and display information about these programs, what constitutes sexual harassment, how to respond to it and what to do when someone asks for advice about sexual harassment.
